Do you want a global career in Finance changing how people live with Diabetes?

Begin the journey of a lifetime in September 2015

Novo Nordisk's Finance Graduate Programmes are great platforms for launching life-changing careers. As a global pharmaceutical company and the world leader in diabetes care, we treat more than 20 million patients across the world. We can give you the opportunity to use your recently acquired master's degree to make a difference in changing how people live with Diabetes.

Start your career climb

Our Finance Graduate Programmes are designed to provide you with comprehensive knowledge of the Novo Nordisk finance operation and a solid understanding of the underlying business. During the programmes you will develop skills within financial planning and controlling, project management, accounting and tax, risk management and other core finance skills. You will develop through training, access to senior mentors, working abroad and a steep learning curve.

Scope of the programme

We offer two Finance Graduate Programmes that during a 2-year journey consist of four 6-months rotations:

Global Finance Graduate Programme

- 3 rotations in our headquarters in Denmark
- 1 rotation in a global sales affiliates or production site

European Finance Graduate Programme

- 2 rotations in our European headquarters in Zurich
- 1 rotation in our headquarters in Denmark
- 1 rotation in a large European sales affiliates

Global career opportunities

After successfully completing the programme you will be equipped with the skills to embark on your career at Novo Nordisk with a permanent position typically within the Corporate or European Finance organisations, or in a business analyst role related more directly to sales and marketing. While you could be based in Denmark or elsewhere in Europe your broad network and international experience from the programme will enable global career opportunities.

Am I a qualified candidate?

You must have interest in Finance and hold a master's degree in a relevant subject, for example within Finance, Management Accounting, Economics or International Business and have finished at the top of your class. You should have no more than 1 year of work experience since finishing your studies and be able to demonstrate your drive and desire to succeed.
